Re: 10/511,657

Please carry out the following searches of nucleic acid SEQ ID NO:3.

1. A standard search of SEQ ID NO:3.
2. A score over length search of SEQ ID NO:3, looking for hits of between 10 and 50 nucleotides in length, 100% complementary to the target.

In each case, please provide alignments for all 100% hits.

Thanks,

Louis Wollenberger
